SUMMARY

B.Tech student in Artificial Intelligence & Machine Learning with a strong foundation in python, AI/ML fundamentals, and core computer science concepts. Experienced in web development and leadership roles, with a keen interest in exploring the intersection of technology and real-world applications through research and practical implementation.

EDUCATION

B.Tech in Computer Science (AI & ML)

GDGoenka University

2023 – 2027 (Currently in 3rd Year)

Specialization: Artificial Intelligence & Machine Learning

Class 12 – American Public School

Completed: 2023

TECHNICAL SKILLS

Programming Languages:

Python | C++ | Java | SQL

Core Computer Science:

Data Structures & Algorithms (DSA) | Operating Systems | Distributed Systems | Computer Organization & Architecture

AI/ML & Technologies:

Scikit-learn, Pandas, NumPy, Matplotlib | Generative AI

Web Development:

HTML | CSS | JavaScript

PROJECTS

- 1.Movie Recommendation System**—Developed a Python-based system for personalized movie suggestions.
- 2. Face Recognition Attendance System**—Built an automated attendance system.
Tech:Python and OpenCV
- 3.House Price Prediction** — Built and evaluated an ML model for housing price prediction.
Tech: Python, Pandas, Scikit-learn
- 4.Fake News Detection** — Developed an NLP model to classify news as real or fake.
Tech: Python, Scikit-learn

INTERNSHIP EXPERIENCE

(June 2025-july 2025)

Worked on CRM front-end development and responsive UI DESIGN

- Assisted in developing responsive and user-friendly web pages
- Collaborated with team members on frontend functionalities and design improvements.
- Gained practical experience in real world web development workflows and CRM systems

CERTIFICATIONS

1. Generative AI JobSimulation – Tata Group (Forage)

Completed a virtual industry simulation focused on Generative AI applications and real-world business problem solving.

2. Python essential 1 - Cisco academy

Gained hands-on experience in python coding and problem solving.

3. Introduction to GenAI - Google

Gained knowledge on generative ai.
